Thank you for deciding to purchase one of our puppies. We want to make this as stress free and as enjoyable as possible for you. Please feel free to email us with any questions or concerns that you may have along the way. We will keep you up to date with information about your Puppy as it grows until it's time for your puppy to go home with you.

This contract is written for the protection of both the breeder and the buyer - However, it is primarily written to protect the health and general well being of the puppy.

1. It will be up to us the breeders, to decide when the puppy will be ready to go to its new home. Usually at the age of 8 weeks, depending on the breed, weight of the puppy and how easily it is weaned from the mother. We will not, under any circumstances let the puppy leave before it is ready.
- 2.. The puppy will be up to date on shots and deworming at time of pick up of the puppy. It is very important that you continue the vaccinations until he/she has completed the entire vaccination schedule - around 16-20 weeks old.
3. He/She will be vet checked and deemed in good health at time of sale.
4. The buyer, at their own expense should have the puppy examined by a Licensed Vet within 3 days after receiving the puppy for the Health Guarantee to be honored.
5. This guarantee does not cover any health issues caused by or injury from the buyer.
6. The guarantee does not include minor illnesses and health issues such as colds, allergies, internal or external parasites or umbilical hernias. However, the breeder will disclose any known illnesses or health issues prior to the sale.
- 7 The breeder can not assume responsibility for the puppy after the puppy has been picked up. It is the responsibility of the buyer to care for the puppy properly and keep it free from harm. Please remember that your puppy must be treated with great care and protected from danger.
8. The breeder assumes no responsibility for any medical expenses incurred after the sale.
9. The breeder assumes no responsibility for training difficulties or behavior problems.
10. The breeder does not guarantee size. We will give you the weight of the puppy's parents. We can give the buyer a guess as to full grown weight, but there are too many variables besides genetics.
11. The breeder does not guarantee the fertility or ability to place in shows: The puppy is strictly sold as a TOP QUALITY PET.
12. The breeder is not responsible for puppies which develop Hypoglycemia (low blood sugar) after the puppy is in the new owner's possession.
